## About the Company

Driven by a unique choreographic vision, Corps Bara is dedicated to creating contemporary dance experiences with artistic creativity, depth and integrity appropriate for audiences of all ages.

Corps Bara provides dancers and choreographers the opportunity to **engage their faith and art** in a professional, vibrant and meaningful community. The intention of its work is to create conversations inspired by the **mystery and reality of God in the world**.

Corps Bara continues to be shaped by a fusion of our Judeo-Christian roots and the century old Denishawn tradition of creating **sanctuary in the theatre**. Corps Bara offers its dancers the opportunity to work with local and international choreographers and to perform in a broad spectrum of venues.
